IMPORTANT FIRE CLOSURE INFORMATION

Effective July 20, 2012

Due to reduced risk of wildfire across much of Arizona the State Forester has removed fire restrictions from **ALL State Trust lands**, outside incorporated municipalities, in all 15 counties, south of the Grand Canyon. **State-owned lands north of the Grand Canyon in northern Mohave and Coconino Counties, commonly referred to as the Arizona Strip, will remain under restriction due to persistent dry conditions.** There will be NO building, maintaining, or using a fire, campfire, or charcoal burning device, (petroleum fueled and propane stoves, lanterns, or heating devices are exempt); NO smoking except within an enclosed vehicle, building, developed campground, or in an area at least 10 feet in diameter that is barren or cleared of all flammable materials; NO welding or operating acetylene or other torch device with open flame. **The use of consumer fireworks as defined in A.R.S. §36-1601 is *prohibited* on state-owned lands. If local agencies have imposed stronger restrictions than above, those restrictions shall apply.**

These restrictions apply to all permits and leases issued by the State Land Department and holders of hunting and fishing licenses. For further information please see the Arizona State Forestry Division's website at: www.azsf.az.gov

“Even though restrictions are being lifted in many areas, it is still important that Arizonans continue to be careful with fire”. Thank you for helping us protect against wildland fires.
